**PETITIONING THE COURT**

---

To incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on April 28, 2016.

The probation officer believes that the offender has violated the following condition of supervision:

| <u>Violation Number</u> | <u>Nature of Noncompliance</u> |
|-------------------------|--------------------------------|
|-------------------------|--------------------------------|

4

**Mandatory Condition # 2:** The offender shall not commit another federal, state, or local crime.

**Supporting Evidence:** On June 5, 2016, Mr. Kilthau was arrested and charged with the following crimes: obstructing justice, Revised Code of Washington (RCW) 9A.76.020; possession of drug paraphernalia, RCW 69.50.412 (1); and possession of a controlled substance, RCW 69.50.4013 (1). The following information was taken from a Zillah Police report for incident number 16Z0567.

A Zillah police officer observed the offender on the 100 block of Seventh Street in Zillah. The officer was aware Mr. Kilthau had multiple warrants for his arrest. When the officer called the offender by name, the offender ran away from the officer and attempted to gain access into an apartment that does not belong to the offender.

The officer eventually placed the offender into custody. After the offender was in custody, the officer conducted a search of the offender. During the search, the officer located a glass pipe with white residue in it, and small plastic baggy with crystal-like rocks inside it. Once the offender was placed in a holding cell at the Zillah Police Department, an officer tested the contents of the small plastic bag located on the offender. The contents tested positive for methamphetamine. The offender was very argumentative with officers and made statements about suing the officers for arresting him.

Bail was set at \$5,000 for the new charges and his next court date is schedule for June 20, 2016.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: June 15, 2016
